

NOTICE OF STUDY COMMENCEMENT
DETAIL DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT STUDY
Rehabilitation of Structures and Culverts, and Electrical Improvements along
Highway 11 and Highway 12 (G.W.P. 2087-15-00)

THE STUDY

The Ontario Ministry of Transportation (MTO) has retained Planmac Engineering Inc. to undertake a Detailed Design and Class Environmental Assessment (Class EA) Study for six (6) bridges, three (3) structural culverts, seventeen (17) non-structural culverts, and electrical improvements at various locations along Highway 11 and Highway 12 in the vicinity of Orillia. The Key Plan provided over the page identifies individual work locations.

Construction will be completed under three (3) separate construction contracts, beginning 2018 through 2022. The project may include night work, single lane operation and traffic detours in relation to the rehabilitation of bridge structures in the project area.

THE PROCESS

This project will follow the approved environmental planning process for Group 'C' projects under the Class Environmental Assessment for Provincial Transportation Facilities (2000). Group 'C' projects are considered approved, subject to compliance within the Class EA process.

COMMENTS

If you have any questions or comments, or if you would like to be added to the study's mailing list, please contact one of the Project Team members listed below:

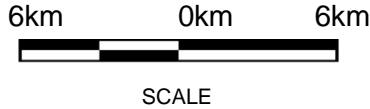

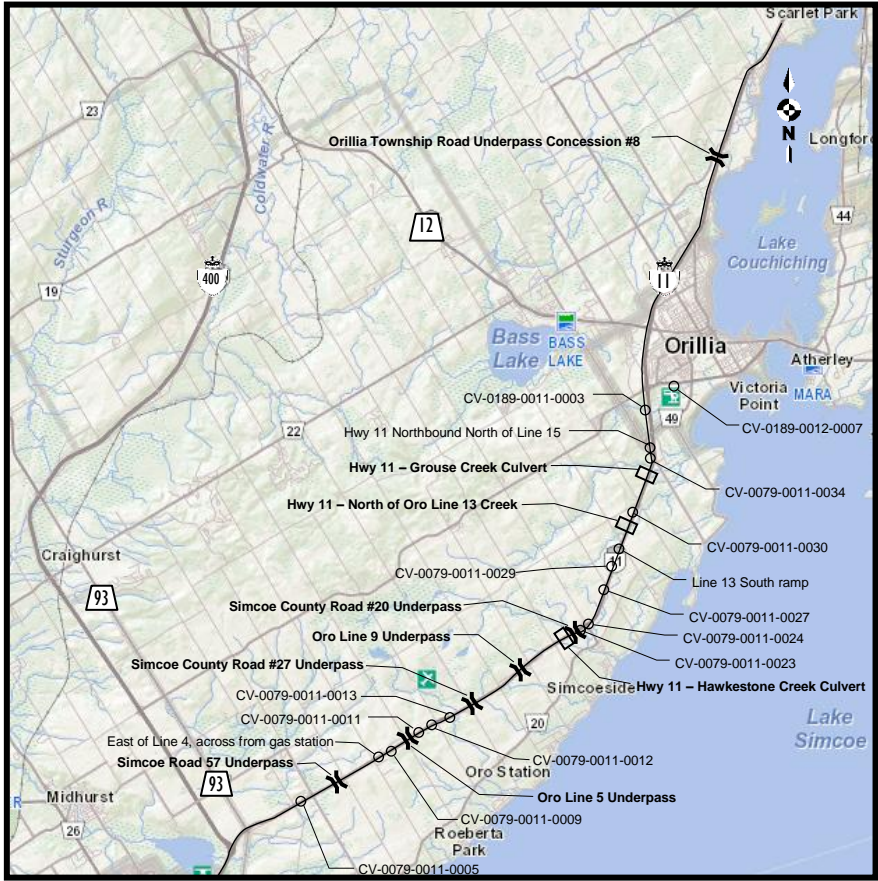

Mr. Mike Neumann, P. Eng.
Consultant Project Manager
Planmac Engineering Inc.
80 North Queen Street, Suite
302, Toronto, ON M8Z 2C9
