

This Earth Day, Pitch In!

PITCH IN WEEK
April 22-29, 2019

The Township of Severn would like to invite volunteers to participate in Pitch In Week from April 22-29, 2019.

Join hundreds of thousands of Canadians this year as they celebrate Earth Day by cleaning up trash along roadways, trails, parks and shorelines in their communities.

Pitch-In Week is voluntary activity where members of the community come together to beautify public areas within the Township. You can choose any area that you like - a trail, a park, a school yard, a sidewalk, a roadway, your block or even around your workplace.

Lots of people do it on their own; others recruit family, friends or neighbours to help them.

No registration is required but please call us at 705-325-2315 ext. 241 to let us know how many "PITCH IN" bags you will need and where you'll be cleaning up so we can make arrangements to pick up the trash if needed.

Bagged trash will be picked up on your normal garbage day and must be left by the roadside before 7 a.m. Please group bags together for ease of pickup and separate recyclable cans and bottles.

NO TRASH TAGS WILL BE REQUIRED FOR SPECIALLY-MARKED PITCH-IN BAGS
PICKED UP ON NORMAL GARBAGE DAY.
